Allen Buckley  
Buckley for Senate  
P.O. Box 7641  
Atlanta, GA 30357

Dear Allen,

For the past six years I have had the honor of representing the people of Georgia in the United States Senate. I have worked diligently with like-minded members of both political parties to find real, workable solutions to the problems facing our nation today.

I have a solid record of fighting for lower taxes and less government regulation, protecting healthcare for our children and our seniors, working to secure our borders and enforce our immigration laws and fighting for our veterans and our military personnel. Right now I am working with common-sense democrats and republicans in a bipartisan effort to develop a comprehensive energy policy and lower gasoline prices for Americans – an effort I might add that is flatly opposed by liberal democrats and the democrat leadership in Congress.

Georgia democrats will select their nominee for U.S. Senate today. After today's vote, the people of Georgia have a right to know what distinguishes their United States Senator from the other candidates. A crucial part of that process for Georgians will be public debates. Debates are an important part of the election process because they allow the voters to see the contrast between candidates for themselves – unfiltered by ads.

After today's democrat runoff, my staff will be in contact with your staff to make initial debate arrangements. While I fully understand the pressures and schedule demands of a campaign, some of Georgia's media outlets have already approached me about debates and I look forward to working out an agreeable schedule.

Good luck to you and may God bless you and your family.

Sincerely,
