It just seems to get more interesting with our Senator even though yesterday he was not our Senator!

Randy:

After giving more thought to the hotel/motel tax bill coming to the Senate, I have this to offer:

I will work behind the scenes and ***guarantee its passage***, if:

----You guarantee to me that your police department will only leave Conyers in emergency or essential situations, and

----Your city council apologizes to me at the next meeting for the name calling and unprofessional actions shown last summer, and

----Tony Lucas stays neutral in my reelection campaign and provides no assistance to Crofts unless the law requires it, (open records requests, etc).  
(I have sources who can monitor this.)

Those three actions on the part of Conyers guarantees your tax bill. Ron Ramsey and I will work out how we are going to get it through the Senate, but we will get it done.

Randy:

I can't make it any clearer that I am not the Senator for Conyers or the Horse Park. I suggest you contact your Senator who is my good friend and colleague, Sen. Ron Ramsey for his assistance and input. If he wants to meet with you and would like for me to attend, I will be happy to participate. As this is not a local bill, it does not need my signature to pass the Senate.

John,

Our bill has passed the House with flying colors. We even had the support of the Speaker. The bill is heading to the Senate and I would love to talk to you about the merits of this bill and why it is so important to pass for Conyers/Rockdale and Covington/Newton. Tourism is incredibly vital for these communities and with this bill it will give us the ability to bond around 2-3 million for improvements to the GIHP and give us the ability to grow the tourism industry. If you have the time in the next couple of days going into the Capital I will treat you to a cup of coffee. It should not take more than fifteen or thirty minutes, I know your time is very valuable so let me know.
